Happy Holiday Season!

December 2019 Tarot Spread Angels Guidance Spread 2019

This month I create for you a special spread for this Holiday Season when the presence of your angels are closer than ever.

The initial steps - The Guardian Angel

Your guardian angels want you to know how much they love you right now. Their love is completely unconditional. This card is a love letter from your guardian angels who want you to know, "We are right here. We have never left you and can never leave you".

They are divine helpers to support and help you to grow spiritually and help others.

You are not alone.

The physical, emotional and financial rewards for all the efforts that you have made to move on are coming to fruition. You will be infused with enthusiasm, new ideas, and energy.

Deliberating before taking action, weighing all factors, benefits and liabilities, and balancing fact against fantasy before making your decisions will be leading you to success and well being.

The Justice card reminds us that things are the way they are, not the way we may like it to be.

Life will become easier accepting this fact.

The Path - Study

You are engaged in learning and study. Your angels guide you to take time to read, listen, and grow. It's time to learn new ideas and skills.

Enjoy the process of learning, stay focused in the here and now.

Everything will come together at the perfect time.

Projects and plans are developing. There are many things to be accomplished, many plans to put together, and you need to keep track of your feelings and emotions to get things done. Taking distance from the difficulties, counseling with a mentor could be beneficial. You count on people willing to help you, and mutual collaborations and sharing tasks could accomplish wonders.

The Challenge - Emerging

You true self, radiance, power and intelligence is shining to the surface. Allow your true self to be visible to others. You lift them up and inspire them.

It is time to celebrate the opening of a better way to live.

What you wished for is here and now. The step into a better self and better life is emerging. Now is the time to separate the past from the present. Take what you have learned and bring what can assist you in the future. Step forward!

The Blessing - Divine Guidance

It is God and the angels speaking to you. Pay attention to the messages from the cards above; they reflect facets of what the angels seek to impress upon you.

Trust and follow your intuition.

Nourishing encounters and strong connections with loving fun people will infuse and intense the flow of energy to enjoy, heal, love, and to be creative.

Your inner strength will help you to get what you want:

Openness instead of determination - Quiet confidence instead dominance - Learning to release your fears - Facing your emotions - Taking risks.

An honorable relationship will come to your life. You will find the support and care of a sensitive person, probably a woman, a visionary that can become your best friend. Her power and accomplishments are rooted in love.
